

It's not just "5 minutes"

There are consequences for parking in a Bike Lane

- Obstructing a bike lane has led to **deaths** of people young and old.
- It can force a cyclist to move into the traffic lane making them more **vulnerable to injury**.
- There are **fines** for stopping in a bike lane for any amount of time.

Protected bike lanes encourage people of all ages to ride a bike, taking more cars off the road.

SAFE STREETS
HALTON 

SafeStreetsHalton.ca/Not5Minutes

Here are some other ways to get around:

- Join a “bike bus” or “walk bus”
- Take public transit
- Ride your bike
- Walk
- Park and walk/bus to your destination
